

MECHANICAL TOTALIZERS

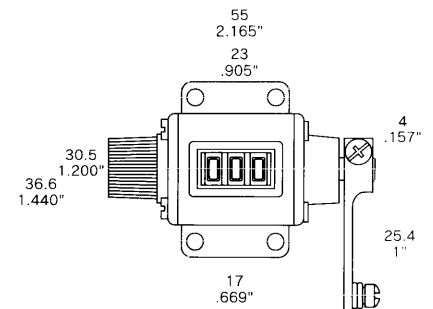

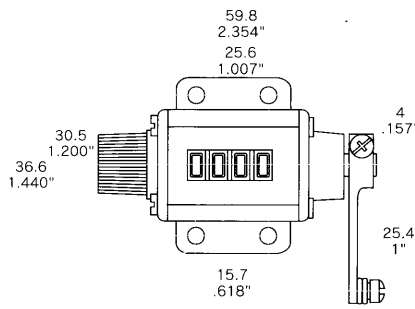

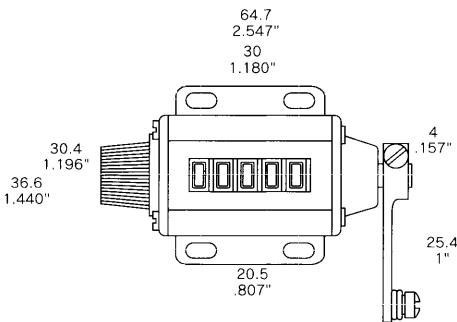

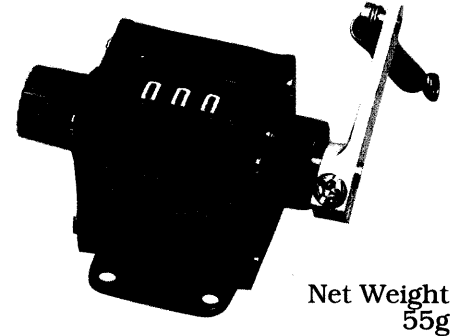

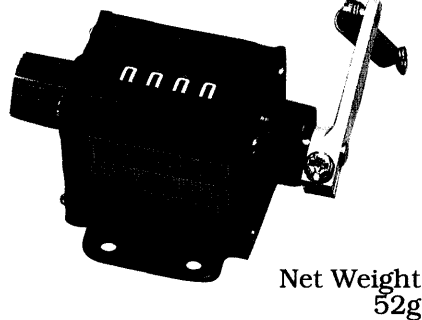

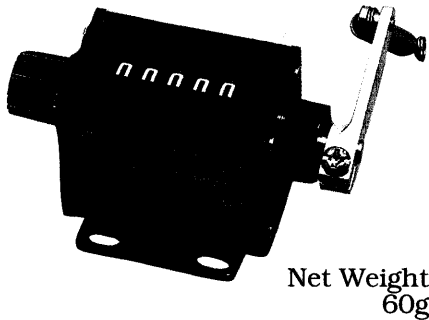

Small, Resettable, Ratchet Drive RS204

Compact, Base-mount, Ratchet-drive counter available in 3, 4 and 5-digit, reset or nonreset versions.

RS204-51 · RS204-52

RS204-41 · RS204-42

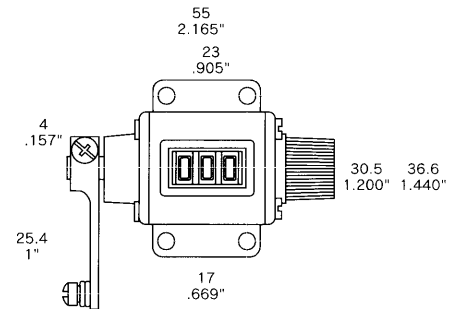

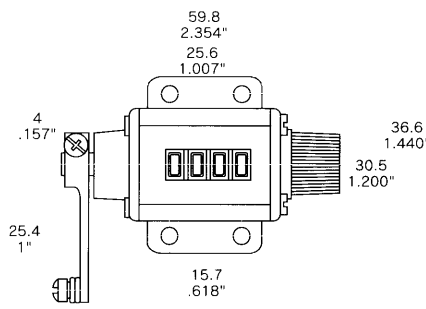

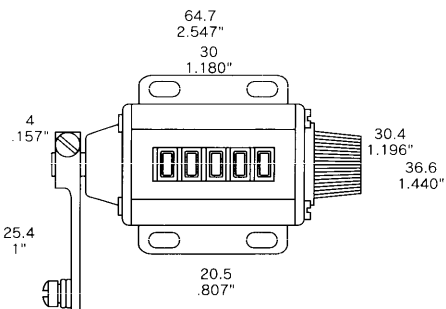

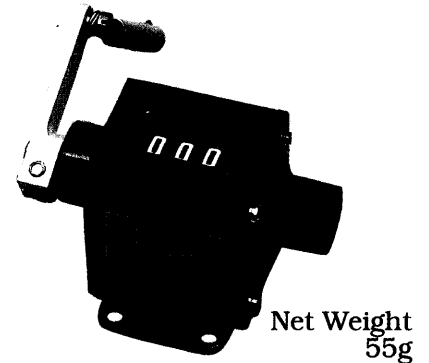

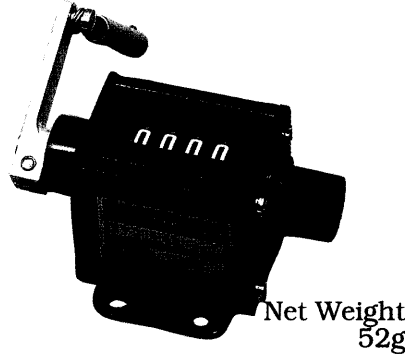

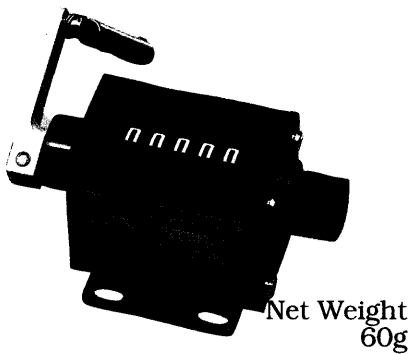

RS204-31 · RS204-32

RS204-53 · RS204-54

RS204-43 · RS204-44

RS204-33 · RS204-34

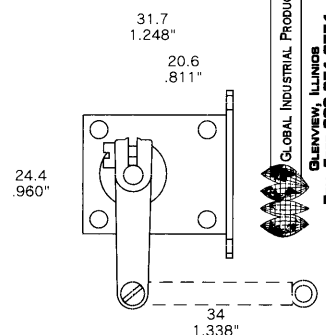

Recommended Uses:

Production Totalizing, power presses, office machines, vending machines, coin sorters, agricultural machinery, metering instruments, timing devices, Lifting Gates, Measuring devices etc.

Advantages:

Compact Size, Stopper for no-miscount, corrosion resistant, dust resistant, rugged, Economical and maintenance free. Also, larger knob, different size of handle, different base hole position and other special specification are available on request.

Small, Resettable, Revolution Drive LB204

Compact, Base-mount, Revolution-drive counter available in 5-digit, reset and nonreset versions.

LB204-51 · LB204-54

Net Weight
60g

Recommended Uses:

Production totalizing, Office Machines, Vending Machines, Agricultural Machinery, Land Measuring Devices etc.

Advantages:

Compact size, corrosion resistant, dust resistant, rugged, economical and maintenance free. Also, larger knob, different size of spindle, different base hole position and other specification are available on request.

Standard Specifications:

Revolution Drive: Adds one count per shaft revolution in either direction.

Speed: 1000 counts per minute.

Maximum Torque: Revolution 250g (2.5N)

Operating Life: 50 million counts

Temperature Range: -5°C ~+45°C (+23°F ~+ 113°F)
