

Power Loggers & Analyzers

[DATApro](#)

[Count pulses or measure temperature, control & process signals, AC current and much more.](#)

[ELITEpro](#)

[10 Measurements including actual energy costs, kWh, volts, amps, power draw and the ability to predict monthly and yearly costs.](#)

[ELITEpro](#)

[Measure log and analyze electrical loads to manage your energy usage.](#)

[SMARTloggers](#)

[Easy energy performance data for baseline studies, savings analysis and operation schedules.](#)
