

700 SERIES SOLID STATE HOUR METERS & COUNTERS

CURTIS

D Case Counter Face

E Case Counter Face with Manual Reset

DESCRIPTION

The Curtis 700 Series are highly reliable solid state hour meters and counters that offer an unprecedented combination of patented technology, performance, reliability and value.

MODEL 700: 2-Wire Hour Meter, displays only when powered. Available in AC/DC.

MODEL 701: 3-Wire Hour Meter, has a provision for continuous display. Available in AC/DC and DC-only.

MODEL 703: Pulse Counter. Available in AC/DC and DC-only.

WARRANTY

Five-year replacement warranty.

Applications

A wide variety of industrial and commercial applications, including scheduled maintenance, warranty and leasing – for medical equipment, transport and industrial vehicles and other industrial equipment.

Features

- Five-year replacement warranty.
- Attractive 6-digit LCD 5mm or 7mm digits (7mm with optional backlighting) are much more readable than electro-mechanical meters with 3mm high digits.
- Smallest behind-panel depth of any panel-mount hour meter or counter available.
- Silent operation – no moving parts. Eliminates annoying gear and motor noise.
- Exceptional reliability due to nonvolatile memory (EEPROM) which can retain data for 25+ years.
- Wide voltage ranges, for example, one unit can be powered from 75 to 270 VAC at 50 and 60Hz (48 to 440Hz) – ideal for distribution and worldwide markets without having to stock multiple model types.
- Manual and/or electrical reset (optional).
